

## Technical Parameters

|                             |                                                                                      |
|-----------------------------|--------------------------------------------------------------------------------------|
| Model                       | GFX-PG-E8-1.1                                                                        |
| Print Head                  | Epson* i3200 A1                                                                      |
| Number of Print Head        | 8                                                                                    |
| Control System              | HonsonSoft                                                                           |
| Printing Width              | 1.8m                                                                                 |
| Colors                      | 4/8 Color (CMYK+4) (Optional)                                                        |
| Speed (m <sup>2</sup> /h)** | 2 Pass (360x720dpi): 130m <sup>2</sup> /h   4 Pass (360x720dpi): 64m <sup>2</sup> /h |
| Ink Type                    | Reactive/Disperse/Pigment                                                            |
| Media Conveyor              | Conveyor Belt                                                                        |
| Media Height                | 2mm                                                                                  |
| Carriage Scanning           | High Quality Belt Railing System                                                     |
| Ink Supply                  | Standard Syphon System                                                               |
| Feeding System              | Inbuilt Take-Up & Feeding System                                                     |
| Belt Cleaning System        | Inbuilt Washing System                                                               |
| Print Media                 | Polyester, Pure Cotton, Nylon & Viscose                                              |
| RIP Software                | NeoStampa (Optional)                                                                 |
| Data Transmission           | USB 3.0                                                                              |
| Power                       | Printer - 10 kW                                                                      |
| Net Weight                  | 1800 kg (Approx)                                                                     |
| Dimension (L x W x H)***    | 3700(L)mm x 2440(W)mm x 1500(H)mm                                                    |
| Carriage System             | Belt System                                                                          |
